4 Thousand Patient Visits

That's right! In 2017 alone, PSCC is projected to provide **4,000 patient visits!** This means we have DOUBLED our patient care this year. Providing these patient visits is only possible with donations from people like you.

PSCC offers care to the **mind** with mental health counseling.

We offer care to the **body** with medical and dental.

And we offer care to the **spirit**, by showing Christ's love in everything we do.

Now is the perfect time to **invest in the lives of patients** and future patients who will be holistically cared for; mind, body, and spirit.
